Action Request to the Board of Directors

Request No. _____BAR#20170520 B          Date Submitted:  5/19/17

Submitted By: Donna Kane, Director of Finance

Subject: Short Term loan to purchase new office furniture and fixtures

Action Requested (word this in resolution form):

As presented when the Board approved the new office lease and move to Roger Williams University, US Sailing needs to furnish the new office space. The estimate at the time was $300,000-$350,000. The final bid for the furniture (attached) is for $281,618.50. We are also purchasing flat screen monitors and white boards for the conference and meeting rooms, and scanners for our document management system. The total for these additions is approximately $20,000.

We request that the Board approved a short-term loan (5-year amortization) up to $300,000 for the purchase of these items. We are finalizing a fundraising campaign to pay for these items, which we plan on launching in June, and expect will cover most if not all of these expenditures.

Member Impacts: Describe below the impacts (i.e. Will it be seen as a member benefit or not? Explain)

Any perceived positive effects: The new office space, layout and furnishings are the final element of customer connect, and will provide a working environment that supports the new staff structure and will promote collaboration, innovation, sustainability and improve productivity.

Any perceived negative effects: None

Will this proposal bring in new members? Not directly.

☐ Yes, __________Estimated Number     ☐ No     ☑ Unknown

Mission Impacts: Describe below how and why this creates value.

Positive impact (be specific): Provide the positive, productive work environment to support the US Sailing Mission and Vision.

Financial Impacts: Describe below any expected financial impacts on US Sailing. Include figures.

Positive effects

Negative effects: for the short and medium term, the loan will add approximately $6,000 per month to our expenses. As we are at the point in the year when cash flow is strong and we have received several significant donations, we have the cash to cover this added expense until the fund raising campaign begins to produce results.

Summary: The Board of US Sailing authorizes the CEO to borrow up to $300,000 to purchase office furniture, fixtures and equipment for the new office space on the campus of Roger Williams University. The intention is US Sailing will repay the loan from the proceeds of a fund raising campaign.

Subject: Windfall Fund

Action Requested (word this in resolution form):

Resolution giving permission to access the Windfall fund for $750K to support the Olympic budget deficit. Withdrawals to be approved by US Sailing Treasurer and CEO.

The shortfall for 2017 is due to several factors: a $750K reduction in sponsor revenue compared to 2016, a fundraising program that was initiated later due to a change in leadership, and an increase in personnel expense to support the new performance plan and revenue generation.
