This meeting was a closed session with only the JC on the call. Each RAJ presented their list of renewing Judges and National Judges. Any Judge that was lacking in Quals was presented to the whole JC for discussion and the final renewal decision made by the JC.

Copies of the quals and the new certification levels were forwarded to the RAD.

There were no Club Judges for renewal in 2015 as the first certification of CJs came in the year 2012. First renewals will be seen 2016.

The RAD will enter the certification levels of each judge by Jan 8th. Judges who have not met the quals in 2015 will have until Dec 31, 2016 to bring them up to proper levels. During this time each is not a certified judge, but will be approved as soon as the quals are met. Their certification anniversary date would remain as it was originally.
