OUR MISSION & GOALS
Provide our athletes the resources and tools to reach their full potential

With the postponement of the Tokyo 2020 Games to 2021 and the current world situation, US Sailing is accelerating its domestic training focus initially scheduled for the next Olympic cycle. We aim to align all blocks of our Olympic Program (ODP, Squad and US Sailing Team) to optimize connection within the program and to strengthen the connection with American sailing communities.

- Athlete development through ODP and regional training programs
- Coach development
- Athlete Retention
- Domestic Training
- Engagement with local clubs

THE ROAD TO TOKYO

The USST athletes’ training has shifted to a full off-water preparation led online by top experts to cover a wide array of topics such as fitness, strategy, nutrition, rules, career development and much more. The Team will resume its 60 days training block focus when possible.
FAN SUPPORT

Our Team-behind-the-Team is strong and vibrant. We are very immensely grateful for your passion and loyal support for the US Sailing Team athletes and coaches. Thank you to all our individual donors: you are the backbone of the Olympic program!

Financially, 2020 will be a challenging year for the US Sailing Team, especially due to CoVid-19. To provide our athletes with the support they need, we must raise $1.75M this year from Medalist Donors, private grants, and gifts from our fans across the USA. Please help your team.

2020 FANS FUNDRAISING

$836,000 TO GOAL

2020 GOAL: $1,750,000
Our 2020 Initiatives to rally our Olympic supporters:

**Medalist & Legend Circles**
Our donor circles gather our most loyal and fervent supporters. Together, they form the backbone of the Olympic Program and US Sailing Team.

**Club Challenge**
Nationwide initiative to support the US Sailing Team and rally the American sailing communities.
We are One Nation. One Team. Together we celebrate the triumphs and face the challenges of all our Teams and the programs that support them.

Our goal is to provide our current and futures athletes the resources and tools they need to reach their fullest potential.

With no government support of US Sailing athletes, a strong and sustainable financial base is vital to the development of our national team and our talent pipeline.

Please support your team at: https://www.ussailing.org/olympics/support-and-sponsorship/support-the-us-sailing-team/
