Member	Per Appeal	20	Active Member
Safe Sport Training			
Certified Judge - Any Level	Per Training	15	
Web Based Training			
Participant	Per Hour	10	Must Pass Knowledge Checks
Webinar			
Participant	Per Hour	5	Registration Required

DATE: 20-Aug-20

Notes:

- 1) A Club Judge requires 80 CEUs over their four-year term. A Judge or National Judge requires 160 CEUs over their four-year term.
- 2) There can be only a single (1) Lead/Chair per Seminar, Clinic, Roundtable, or Protest Day Event.
- 3) For any specific Event, the quantity of CEUs earned is not cumulative, but the maximum units associated with roles. For example, during a full day Roundtable, a person serving as both a Coordinator (10 CEUs) and a Topic Lead (80 CEUs) would obtain 80 CEUs. A Topic Lead for one topic and Participant for others earns 80 CEUs. Topic Leads facilitating more than one topic earn 80 CEUs.
- 4) A majority of CEUs used to reach/accumulate the minimum number of CEUs associated with a certification level (see Note 1 above) shall be at events where the judge engages in an active role or activity. For example, a club judge serving only as a Coordinator (10 CEUs) at eight (8) events accumulates 80 CEUs, but only 40 CEUs would be eligible for meeting certification requirements.
- 5) Taking and successfully completing the required SafeSport web based training provides 15 CEUs for a judge (i.e., initial webinar is 1.5 hours). As US Sailing requires judges to take this every two years, there are a maximum of 30 cumulative CEUs for this event over their four-year term.
- 6) For any other specific web based training event or webinar event, a Judge receives CEUs only for the first time they successfully complete that specific event.
- 7) On a case-by-case basis, the JETTS Chair or Judges Committee may designate an additional event(s) as being eligible for CEUs. Examples of such events may be rules seminars at the beginning of a new rules quadrennium, judge seminars offered by other MNAs or World Sailing, or other notable services or event attendance.
- 8) For half day fleet race umpire seminars, judges clinics, and roundtables, only half the number of full day CEUs are eligible for meeting certification requirements.

For the US Sailing Judges Committee

Bill Simon
