

US Sailing Membership Program for One Design Class Associations and Sailors

US Sailing's MVP Membership Program is a “win-win” for one design classes and sailors! When a class association joins US Sailing as an MVP member, the class receives credits when a sailor from their class joins or renews their US Sailing membership. Sailors receive special discounted membership pricing, and class associations can use the credits to support their programs. The best part is that there is no added cost to class associations!

One Design Sailors

Learn how your USSA Membership can support your Class Association
