Request No. BAR20210221  PPP Loan 2021  Date Submitted: 2021-02-20
Submitted By: John Schoendorf
Subject: PPP Loan 2-2021

Board Action Requested (word this in resolution form):

So it be resolved by the US Sailing Board of Directors to approve the PPP Loan and execute the agreement with the Bank of RI. As part of the CARES Act, US Sailing applied for and received a Paycheck Protection Program (PPP) Loan. The lender administering the loan is Bank RI, who requires “action on the part of Borrower’s board of directors” to bind US Sailing to the terms of the PPP loan agreement. See attached Exhibit A.

Mission Impacts: Describe below how and why this creates value to our organization.

This loan will allow US Sailing to continue the mission of increasing sailing participation, programing and engagement with the community.

Member Impacts: Describe below the impacts (i.e. Will it be seen as a member benefit or not? Explain) Maintain progress for our program development.

Will this proposal bring in new members? Yes, Estimated Number, No, Unknown

Financial Impacts: Describe below any expected financial impacts on US Sailing. Include figures.
Positive effects
The PPP Loan is for $810,462.50. This is the maximum amount of funding US Sailing is permitted under the terms of the CARES Act. There is the opportunity for 100% forgiveness of the loan if US Sailing applies the loan proceeds in the manner enumerated in federal Small Business Administration (“SBA”) regulations.

Negative effects: If the loan is not forgiven, the terms are 1% with a 5 year maturity period. However, this is better terms than our line of credit so if we decide we may need financing this would be the money to use.

Implementation Strategy/Ownership: Describe the implementation for the actions/changes that will be initiated by approval of the BAR, including communication plans, process revisions, responsible parties, etc.
The loan was processed and will be administered by Bank RI. The funding has been deposited into the US Sailing operating account and will be transferred to pay payroll and allowable operating costs over the 8 weeks of the loan. We have been monitoring SBA guidance and working with our finance team to determine all permissible expenses and spending strategy to achieve full loan forgiveness.

Summary: This is a BAR is to formally approve our application for the PPP Loan.

3.5. The Chair should ensure coordination with additional US Sailing staff as needed (for example, invite the Compliance Officer to join calls where legal or compliance issues are discussed and/or invite the Youth staff to join calls where selection to International Youth events are discussed.)
TERMS OF REFERENCE FOR THE

   a. Select athletes with the best chance of success in the competition.

   g. Key USOPC Arbitration Cases involving Selection Complaints especially:

Rather one function of the Ted Stevens Act, and the oversight of the USOC generally, is to inject as much objectivity and
accountability into the selection process as was consistent with the promotion of Olympic and international medal winning capability.”

*Viola v USA Diving 2005* — “discretion or subjectivity allowed will be required to be supported with objective criteria.” Athletes should know “the specific criteria to be used by the Selectors” and “NGBs ‘should pursue a policy of transparency and open information.’” Athletes should have “clear guidance on what they must do in order to qualify for selection to a team.”

*McConneloug vs USA Cycling 2004* — “Athletes are entitled to know what standard they have to meet and precisely how such selections will be made.”

*Klug v US Ski and Snowboard Association 2006* — “The whole purpose for the development of criteria for qualification for [protected competitions] is for the contenders to know how they will be selected and against what criteria they will be judged.”

*Tibbs v US Paralympics 2012* — If circumstances, including the change in international qualification guidelines, require the NGB to amend published procedures, athletes must be given notice of the amended selection procedures.

*Vogel v. US Speedskating 2010* — Posting corrected selection procedures in a newsletter nine months prior to the new qualification deadline provided adequate notice to the athlete.
