   1.2.2 The U.S. Para Sailing Championship Conditions
   1.2.3 The US Sailing Code of Conduct
   1.2.4 US Sailing Regulation 10.

1.3 Sonar Class Association Appendix B – Alternative Rules will be in effect. In addition, whisker poles are allowed. Spinnaker poles are not permitted.

1.5 Racing rules listed below will be changed as indicated.
1.5.1 The preamble to Part 4 will be changed to require PDF use, dock to dock. A U.S. Coast Guard approved personal flotation device, or in the case of overseas competitors, a personal flotation device approved by their Government’s corresponding Maritime Authority, shall be worn, properly fastened, at all times, while launching and sailing, except while temporarily adding or removing clothing.

1.5.2 The first two sentences of RRS 44.1 are changed to: ‘A boat may take a OneTurn Penalty when she may have broken one or more rules of Part 2 or RRS 31 in an incident while racing.’

1.5.3 The US Sailing Prescription to RRS 63.2 will not apply.

1.6 Appendix T shall apply.

1.7 In case of a conflict between Notice of Race and Sailing Instructions, the Sailing Instructions shall govern. This changes RRS 63.7.

1.8 The notation ‘[NP]’ indicates rules that are not grounds for protest or request for redress by a boat but may be protested by the Race Committee or Organizing Authority. This changes RRS 60.1(a).

1.9 The notation ‘[DP]’ means that the penalty for a breach of the indicated rule may, at the discretion of the protest committee, be less than disqualification.

1.10 Where the notation ‘[NP]’ or ‘[DP]’ appears in the heading of a section of these Sailing Instructions it applies to the entire section; where the notation ‘[NP]’ or ‘[DP]’ appears at the end of a subsection to these Sailing Instructions it applies only to that subsection.

5.1 The scheduled time of the warning signal for the first race each day is 1055. Additional races will follow. The race committee will conduct as many races as practicable each day.

Addendum A to Sailing Instructions for Independence 20 [DP]

1. Boat and Able-Bodied assistant (ABs) Assignments for Independence 20
   a) All boat assignments for each class will be determined by a random drawing conducted by the Independence Cup (IC) Committee wherever possible prior to the scheduled harbor start. These boat assignments will be posted on the Official Notice Board no less than 30 minutes prior to the scheduled harbor start. No team may sail in the same boat for more than one day of the regatta whenever possible.
   b) All AB assignments will be determined by a random drawing conducted by the Organizing Authority prior to the harbor start. These assignments will be posted on the Official Notice Board. No team shall sail with the same AB for more than one day of the regatta whenever possible. No AB shall give any sailing or tactical advice.
   c) It is the sole responsibility of the skipper of each boat to ensure that the AB assigned to his/her boat by the Organizing Authority is the AB that actually sails with the boat. Any boat that sails with an AB other than the one assigned shall be disqualified for those races sailed with the unassigned AB.

2. Additional Instructions
   a) All Independence 20 contestants must use adaptive seats and straps while racing.
   b) An AB will be on board each Independence 20 Class boat during all racing.
   c) The primary duty of the AB is the safety of the other team members and of the boat.
   d) If a boat experiences a breakdown, they shall advise the race committee.
   e) It is the intent of the IC Committee that the disabled team members shall perform all possible activities on board the boat, with only the most limited assistance possible from the AB while racing. In general, the AB is permitted to do for a contestant only that which he would be capable of doing for himself were it not for the disability that qualified him for this regatta.
   f) The AB may perform the following activities while racing:
      i) Assist the disabled Independence 20 team members to "tack" or "gybe" the rotating seats at any time.
      ii) Steer the Independence 20 for brief periods of time, but only to regain control of an out-of-control boat, or to avoid an imminent collision where injury or damage is likely to occur.
      iii) Cleat or uncleat any Independence 20 running rigging at any time, but only at the direct request and under the direct supervision of one of the disabled team members.
      iv) Trim either the main sheet or the jib sheet, but not both, as the Independence 20 rounds the leeward mark, or during the pre-start as a boat assumes her proper course to start, but only at the direct request and under the direct supervision of one of the disabled team members.
v) Release the mainsheet cleat as the Independence 20 prepares to round the windward mark, but only at the direct request and under the direct supervision of one of the disabled team members.

g) The AB must remain within the coamings of the Independence 20 cockpit of the boat at all times.

h) It is the Independence skipper's responsibility to ensure that the crew and AB are acting in accordance with all provisions of the Notice of Race and Sailing Instructions, and any other rules governing the regatta.

i) All boats in a given Independence 20 race will be either all under full sail or all reefed. The teams will be informed of which before they leave the harbor. The decision to reef or un-reef on the water will be made by the race committee and will be made before the warning signal for that race. Teams will be notified of this decision by a series of horn blasts and a written display of the reef/un-reef decision on the course board.
